How do I know if I am eligible for Disabled Students' Allowances (DSAs) funding?

DSAs can fund a large number of disabilities and health conditions.

To be eligible for DSA funding you must be a UK student with a disability, as defined by the Equality Act (2010). You are disabled under the Act if you have a physical or mental impairment that has a **substantial** and **long-term** effect on your ability to carry out normal daily activities.

Substantial is intended to mean more than minor or trivial (EXAMPLE: it takes much longer than it usually would to complete a daily task).

Long-term means it is of at least 12 months duration or is an ongoing, life-long condition.
